

QUALITY POLITICS

IBERBOARD MILL SL, manufacturer and manipulator of graphic cardboard, establishes this quality policy in accordance with the provisions of the Quality Management Manual based on the UNE-EN-ISO 9001: 2015 standard "Management systems of the Quality. Requirements" based on the following objectives and commitments to quality:

- **Prioritize quality, safety and occupational health as well as respect for the environment** in all activities. People are our most valuable resource.
- Offer, supply products and services to our clients according to the requirements, legal requirements and established specifications and become **the leader of the Mediterranean Arc positioning ourselves as the preferred supplier of our clients**
- Continuously improve the competitiveness of the company, perfecting and optimizing the processes with the aim of **reaching a production of 70,000 tons per year with the inclusion of new products and expansion of the activity to new markets.**
- Improve processes through audits, study and implementation of corrective and preventive actions. Promote process-based management, considering the analysis of risks and opportunities in their improvement processes and strategic planning.
- Achieve the levels of quality and productivity established through the corresponding monitoring indexes in search of **continuous improvement.**

To achieve these objectives we have every one of the people in the organization in the aspects that affect their responsibility on the quality of products and services while maintaining the firm conviction to do it with the utmost respect for the environment and the Occupational Health & Safety.

Based on the aforementioned, Joan Vila Torras, as Managing Director, approves this quality policy and declares it mandatory and knowledgeable by all the people of the organization and other stakeholders.
